6.5 Withdraw an Objection

1. On the roll dashboard, open **Actions** on the objection and select **Withdraw Objection**.
2. Enter the **Withdrawal reason** (required).
3. Select **Yes, Withdraw**. The message "Objection ... has been successfully withdrawn." confirms it.

Important: A withdrawal cannot be undone. Withdraw is only available while the objection is still being lodged or waiting to be allocated.

7. Third-Party Objections and Section 51 (Property Owners)

When someone who is **not the owner** (a third party) objects to a property's valuation, the law (Section 51 of the Municipal Property Rates Act) gives the owner a chance to respond. The portal handles this automatically.

7.1 If You Lodge an Objection as a Third Party

- Choose **Third Party** as the objector type and state your status in Section 1.2.
- Your objection is received in the normal way and you get your own reference number, PIN and acknowledgement.
- The property owner is sent a **Section 51 notice** straight away (by email where the City has an email address, otherwise by post). You will not receive a copy of the owner's notice.
- For the next 30 days your objection shows the status **Obj-Pending** while the owner may respond. After that it continues to the valuer as normal.
- You can still add your own evidence within 48 hours (Section 14).

7.2 If You Are the Owner and Received a Section 51 Notice

The Section 51 notice (sent by email with a PDF attached, or by post) tells you that an objection was lodged against the valuation of your property. It shows:

- the **objection number** (for example GV23-SUP4-16) and your **Section 51 PIN**;
- the property description and what the objector is asking for (roll values and requested values);
- the **closing date** – 30 days after the objection was lodged – by which you may submit your own evidence or comments.

Note: You do **not** need a portal account to respond. You only need the objection number and the Section 51 PIN from your notice.

7.3 Upload Your Section 51 Evidence

1. Open the portal. On the home page select **Submit Section 51**, or open **Add Evidence** and select **Section 51 Evidence**.
2. On **Section 51 Evidence Upload**, enter the **Objection Number** exactly as it appears on your notice (for example GV23-SUP4-16).
3. Enter the **PIN** from your Section 51 notice. The PIN is case-sensitive.
4. Select **Verify & Continue**.
5. On **Upload Section 51 Evidence** choose your files: **PDF, JPG or PNG, maximum 3 MB each, up to 10 files**.
6. Select **Submit Evidence**.
7. On **Section 51 Evidence Submitted** select **Download Acknowledgement** and keep the Section 51 Evidence Upload Confirmation for your records.

SCREENSHOT PLACEHOLDER – Section 51 Evidence Upload

Capture the verification page (Objection Number, PIN, Verify & Continue) and the confirmation page with Download Acknowledgement.

Important: You can submit Section 51 evidence **only once** per objection, so upload all your documents together.

7.4 Section 51 Messages

Message	What to do
Please enter both the objection number and PIN.	Complete both fields.
Invalid objection number or PIN. Please check and try again.	Check the number and PIN on your notice (PINs never contain the letters I or O or the numbers 0 or 1). Type them exactly as printed.

Upload Unavailable – The Section 51 upload period has closed.	The 30-day period has ended. Contact Valuation Enquiries.

8. Lodge an Appeal

If you do not agree with the Municipal Valuer's decision on your objection (the Section 53 notice), you can appeal to the Valuation Appeal Board through the portal while the appeal window is open. An appeal gets its own reference, for example APP-GV23-Sup4-5.

9. Section 78 Query

Section 78 of the Municipal Property Rates Act allows the City to do a supplementary valuation of a property in specific circumstances. A Section 78 Query asks the City to consider this for your property. The reference looks like **Que-GV23-120**.

The screenshot displays the City of Johannesburg Valuation Portal interface. The top navigation bar includes links for Dashboard, Property Search, Services, Help, and Privacy. The main content area shows a form for a Section 78 Query, with the owner listed as MBELE STEPHEN. The form includes sections for Property Categories & Valuations, Additional Details, and Scheme Details. The Valuation section shows a category of Residential, an extent of 1 487.00, an effective date of 01/07/2018, and a market value of R 1 278 000. Below the form are buttons for Cancel and Link Property.

Below the form, there is a section titled "Linked Properties" with a search bar and a table of properties. The table has columns for Property Description, Category, Town, Market Value, With Effective Date, and Options. The table lists three properties: ERF 42 JOHANNESBURG, ERF 96 COMPTONVILLE, and PORTION 1 ERF 1 AEROTON. Each property has an "Actions" button next to it.
